

BERENDS

Post hole diggers

Made in Australia

5 YEAR WARRANTY ON ITALIAN GEARBOXES*

Standard Model with 12" Auger

Heavy Duty Model with 12" Auger

- Fitted with high quality European gearboxes and drive shafts. All shafts are fitted with a torque limiting clutch (tractor end) which is more effective than a slip clutch.
- Digs to a maximum 4' (1200mm) depth if ground conditions permit.
- Standard model is suitable for augers from 4" to 12" diameter.
- Compact model is designed for small horsepower tractors where linkage arms have limited lifting height.
- Heavy Duty model suitable for augers from 4" to 24" diameter.
- Auger sizes - 4", 6", 8", 10", 12", 15", 18", and 24".
- All augers heads are fitted with replaceable teeth and pilot. Large range of different teeth/pilots available for various ground conditions.
- All models are fitted with jib hook and transport chain as standard. Heavy duty model is also fitted with auger control handle for easy positioning.
- 12 month warranty against faulty materials or workmanship.
